## AN EARLY MAP OF CORFU

**£350.00**

Isola di Corfu.

**Cartographer** BERTELLI, Donato.

**Date** 1713

**Stock #:** 21940

**Publication:** Padova: Alphonse Lasor, 1713. 205 x 155mm.

**Condition:** A good example.

## DESCRIPTION:

A strong impression of this map of Corfu, with fine engraved detail including galleons, and a perspective view of the city of Corfu.

Originally published 1574, this state has 'T pag 298' engraved top left; and the tip of the bottom left corner of the plate has been snapped off, affecting the printed border and losing the initial 'N' from the 'NB' of the engraver's signature (Natale Bonifacio).
