## MANUSCRIPT MAP OF THE DEFENCES OF CORFU CITY

**£980.00**

[Corfu City]

<b>Cartographer</b>	Anonymous.
<b>Date</b>	1797
<b>Stock #:</b>	24736
<b>Publication:</b>	French?, c.1797. Manuscript, ink and watercolour. Sheet 445 x 395mm.
<b>Condition:</b>	A little spotting, split at top of a vertical fold.

### DESCRIPTION:

A detailed plan of the environs of Corfu City, orientated with north to the upper right. The style and the focus on the city's defences suggest it was drawn by a military engineer, possibly when Corfu was occupied by France after the fall of the Venetian Republic in 1797.
