A FINE EXAMPLE OF SEUTTER'S 'ATLAS NOVUS'

£15,000.00

Atlas Novus sive Tabulae Geographicae Totius Orbis Fasciem, Partes, Imperia, Regna et Provincias Exhibentes... Atlas Compendiosus.

Cartographer	SEUTTER, Matthaus.
Date	1731
Stock #:	25168
Publication:	Augsburg, c.1731. Folio (560 x 360mm), rebound in full calf gilt; engraved title, letterpress title & index on label on reverse of engraved title, and 29 double-page maps, all in fine original hand colour, as called for.
Condition:	Maps numbered in old ink mss on recto.

DESCRIPTION:

An early example of Seutter's atlas, published just after he was made Imperial Geographer by Karl VI in 1731. It contains a world map and four continents, the Turkish Empire, Holy Land, and 22 European countries. The maps are early states, before the addition of Seutter's privilege. Good strong imprint and fine colouring throughout.
