A RARE SET OF SEVEN GLOBE GORES OF THE PACIFIC WITH NEW ZEALAND

£1,500.00

[Seven gore sheets from a 15" Dutch table globe.]

Cartographer	VALK, Gerard.
Date	1707
Stock #:	23020
Publication:	Amsterdam, 1707. Seven sheets, each 230 x (at most) 65mm, trimmed ready for use.
Condition:	A good example.

DESCRIPTION:

Seven sequential sheets (of probably 24 plus two calottes) of a terrestrial globe of about 15" diameter, together showing the Southern Hemisphere from the western coasts of South America across the South Pacific to New Zealand as mapped by Abel Tasman.

Valk gore sheets are rare, as they were never included in an atlas.
